TO ASK PRESS BOYS TO COME TO TULSA

Delegations Will Attend State Association Meeting at Guthrie Friday.

The Oklahoma Press association meets at Guthrie on Friday and Saturday of this week and Tulsa is going to be represented by a strong delegation which is going after next year's meeting.

Invitations signed by Eugene Lott, editor of The World, Tulsa, and Walter Ode, the art printer, P. H. Greer, the all-time in the editorial line and others inviting the boys to come to Tulsa, have been mailed to every editor and member of the association. To back up the invitation all of the editors will be backed up by Mayor E. M. Woodson, Eugene Lott, Walter Ode, P. H. Greer, and others.

Tulsa would have secured the convention and year but did not enter the contest till late, but the editors did come down and spend a Sunday evening with the folks of this town and that made a hit with them. They had a dinner at the Hotel Tulsa and were shown all of the points of interest. They are going to come to Tulsa next year if they are wise in their day and decision.

Has the intention of the Tulsa Chamber of Commerce to arrange for a side trip to the "Cathedral" fields as an entertainment for the newspaper men. Two new railroads will connect Tulsa with the rest of the world's greatest oil field within a year, and nothing of more interest could be offered the press men and their wives.

Thursday the most positive show of the week has been booked with Maxim's Models presenting reproductions with living models of the world's famous paintings, and the Sutherland sisters in a swimming and diving exhibition as the features.

known oil producer, was the first commander. Thirty-two men signed the charter roll.

At the last annual election, L. J. E. Rooney, an officer in the 69th New York, famous Irish regiment from New York city, was elected commander. The same "pop" Mr. Rooney had injected into his career as a soldier in the crack Seventy New York and Sixty-ninth New York he at once proceeded to crowd in big chunks into Fitzhugh Lee camp of United Spanish War Veterans.

This camp today is probably growing faster than any other in the United States. Not a week passes that two or more names are not added to the membership.

Many Regiments Represented.
A very remarkable feature concerning the membership of Fitzhugh Lee camp is that there are but few duplicates of regiments. It is safe to say at least forty military organizations are represented in the membership coming from almost as many different states and territories. It is estimated that at least seventy-five military organizations are represented among the veterans of the Spanish war either members or eligible to membership in Fitzhugh Lee camp.

The park board has every graciously offered to donate Convention hall with flowers for the encampment without expense to the G. A. R. and E. S. W. V. The great building will also be made beautiful with patriotic decorations. The loan of large flags will be appreciated by the committee in charge of the encampment. If any readers of The World are willing to tender the use of flags in their possession they will please notify J. Burr Gibbons at Convention hall, Mr. Gibbons can be reached by telephone at the hall.

1,000 G. A. R. Members to Come.
Every member of the G. A. R. who is able to travel will be in Tulsa during the encampment and the Spanish War Veterans are now estimating their delegation at from 1,000 to 12,000. The three women's organizations affiliated with the two departments will also come in large numbers.

The Brady hotel will be encampment headquarters. It is worthy of note that Tate Brady, son of a Confederate veteran and for years commander of the eastern Oklahoma division of Sons of Confederate Veterans, has been one of the most active workers for the success of the encampment. Mr. Brady is a member of the executive committee.

Special invitations have been extended to the school children of Sand Springs, Sapulpa, Collinsville, Bixby, Broken Arrow, Coalgate and other towns within a radius of fifty miles of Tulsa to participate in the general parade on May 13 which is to be the chief feature of the encampment.

Citizens of these towns have also been urged to lay aside the cares of life that day and pass the time in Tulsa. Railroads will run special trains when asked for. Tulsa is assured of the greatest crowd that ever assembled in this city during the three days of the encampment, May 12, 13 and 14.

Masons to Lay Cornerstone.
At Atoka Tuesday will be laid the cornerstone of a new Masonic temple, which is to cost \$20,000. Woodson E. Norvell of Tulsa, orator of the grand lodge of Masons, will deliver the address. Atoka lodge is historic in Masonry. In that city was organized one of the first lodges in the Indian territory and it was one of the original members of the grand lodge of Indian territory, which was organized 43 years ago. Joseph S. Murrow, for years grand secretary of the grand lodge of Indian territory, was the organizer of the Atoka lodge and one of the organizers of the grand lodge of Indian territory. He was a missionary to the Choctaw Indians.

Tulsa Has Large Camp.
The Oklahoma department of United Spanish War Veterans is one of the most thriving in the national organization. The camp that is in existence here is large and is offered by the very best talent available. The plan of this organization is to have camps only in the larger centers of the state where there are enough veterans of the Spanish-American war to insure success.

Fitzhugh Lee Camp, Tulsa, was next to the last camp formed in Oklahoma. This camp had its inception in December, 1913. John H. Arnold, well-

known oil producer, was the first commander. Thirty-two men signed the charter roll.

At the last annual election, L. J. E. Rooney, an officer in the 69th New York, famous Irish regiment from New York city, was elected commander. The same "pop" Mr. Rooney had injected into his career as a soldier in the crack Seventy New York and Sixty-ninth New York he at once proceeded to crowd in big chunks into Fitzhugh Lee camp of United Spanish War Veterans.

Washing Won't Rid Head Of Dandruff
The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.
